LONDON LETTER.

(From Our Own Correspondent.)

London, August 25.
We are likely, according to the Nation, to have a general election in January whether the Lords throw out the Budget or not. That weekly journal is reported to have some sort of relationship to Lloyd George and Winston Churchill and it is edited by H. W. Massingham, formerly editor of the Daily Chronicle.

So we are to have no peace in our time. Even now the land is noisy with the conflicting cries of pro-Budget men and anti-Budget men. But the signs are favourable to the former. The Conservatives do not find the land taxes irritate the mass of the people—indeed the reports from the provinces show that part of the Budget, at any rate, to be popular.

Then it struck some genius that if the people were to be got into it must be at their seaside resorts. The pierrots and the merry-go-rounds should not have it all their own way. The consequence is that we are having indignant correspondents writing from everywhere on the seas to protest that though at home they are good Conservatives why in thunder should they be persecuted every time they try to take a smoke on the beach by some anti-Budget man starting a grampophone going, telling what a spoiler the Chancellor of the Exchequer was and so? So the seaside political enterprise has proved a fiasco and the pierrots are patronised as much as ever in spite of the new competition.

I saw Bishop Ingham for a few minutes before he left on his mission visit to the Far East. By the time you get this letter I think he will be in Japan but he will be with Bishop Lander in Hongkong a little later on. He said, "You see I am in charge of the home organisation of the Church Missionary Society in England and I realise that we have not yet a base of operations adequate to the enterprise of the conversion of the non-Christian world; hence I am keen on obtaining accurate information for my work here in England. I was in Sierra Leone as Bishop for some years but that did not give me a full knowledge of missionary problems in other parts of the world."

"My projected tour seems to have attracted more than the usual amount of interest. Only a week or two ago I received a letter from the Archbishop of Canterbury in which he says, 'We are all very greatly interested in the thought of your visit to the mission fields of the Far East.' I shall be most anxious to obtain from you when you return home some of the varied information which you will have gathered for our stimulus and guidance and I very cordially commend your work and yourself to all who can further your endeavor in any way."

"After reaching Japan via the Siberian railway I shall stay six weeks there and at Tokyo I shall attend the great conference of the missionaries of all Christian bodies from October 4 to 11, to celebrate the introduction of modern Christianity into Japan."

"After that I go to Shanghai to study the missionary problem in Mid-China under the guidance of Bishop Moloney. From there I pass on to Fuhkien to see Bishop Price, who worked with me in West Africa. Then Hongkong for a fortnight, sailing on Christmas Eve for Colombo. I hope to visit Taitorin, Bombay, Jerusalem, Cairo, add to be back in England by April 16 so that I can tell the May meetings what I have seen and heard."

There seems to be a familiar smile on the face of the well-to-do nowadays. Even those who have as much as £2,000 a year coming in are taking to British Columbia and elsewhere. I expect some people are inclined to argue that these things are due to the "Great Depression" and so forth, but the fact is many fathers are looking for a sunny where their sons may forge ahead and establish the family tree all more abundantly in the soil of prosperity and they are in Britain "Colonial" countries available in such a way that the father is brought to the point where the sons are bright.

INTIMATIONS

(From Our Own Correspondent)

Tokyo, September 8.

There is much talk nowadays about the

financial condition of the Toyo Kisen

Kaisha. It is alleged that the company

sustained a loss of 1,000,000 during the

first half of this year, and in consequence

the price of shares (face-value 100 paid

up) is now quoted at 715. Mr. Asano, the

president of the company, is reported to

be looking means whereby to make good

the heavy losses before the ordinary general

meeting which will shortly be held. It is

said that last year the shareholders ap-

pointed a committee to adjust the com-

pany's finances and these delegates

duly submitted a report which was

received with satisfaction. Mr. Asano,

however, refused to adopt their sug-

gestions. The exact nature of the proposed

reforms is not known though it seems that

the abolition of some services was

strenuously advocated. Subsequently a

number of lower officials were discharged,

thus reducing current expenses. The

directors of the company now entertain the

opinion that the South American service,

which began this year, has a prosperous

future, though there are not many people

who share their conviction. It is matter

of common knowledge that the people of

Chili and Peru are anything but pleased

with the Japanese immigrants who have

so far appeared, and Japanese goods

are also disliked. The prospects of the

Toyo Kisen Kaisha in South America

therefore do not seem to be very bright.

The readjusting of the Japan Sugar

Refining Company is creating great difficulty.

Recently the liquidators of the Fujiyama

Bank, Osaka, brought cases against

the sugar company in the Tokyo and Osaka

District Court, claiming Yen 40,000 and

Yen 100,000 respectively. The company

is endeavouring to induce other creditors

to intervene with a view to averting bank-

ruptcy. The directors of the company are

using their utmost efforts to bring the

company back into its former channels but

it is generally believed that their efforts will

be fruitless.

Subscriptions for shares in the new

Central Bank of Korea will be received

at the Yokohama Specie Bank commencing on

the 6th inst. The necessary number of

shares is applied for prior to the appointed

time, the list will at once close.

(Note.—Our Tokyo telegraphic service

has been interrupted since the 1st inst. by

the Japanese money market, a commercial

paper says that money is easily obtainable

at 6 per cent or less, but so far speculation

remains inactive; it therefore advises banks

and mercantile companies which owe money

bearing high interest, to raise their loans

at a lower rate.

The affair of the steamer Myer Maru has

been settled. The Russian Government

agreed to pay Yen 17,300 to the owner.

This vessel was seized by a Russian cruiser

last year on suspicion of poisoning in Russian

waters near Vladivostok. After examina-

tion, the Russian Government found the

seizure to be illegal.

Viscount Sone, Resident General in

Seoul, is seriously ill. He is suffering from

cancer of the stomach. Viscount Sone and

Dr. Hira, chief physician of the Nippon

Red Cross Society's hospital, will shortly

leave Tokyo for Korea.

The Home Office has granted permission

for the establishment of the Anglo-Japan-

ese Hydro-Electric Power Company. The

new concern will shortly publish its pro-

spectus. It is said that the Tokyo Electric

Railway Company has concluded an agree-

ment with the company to use its electric

power.
